

Hybrid Brows

BEFORE YOUR APPOINTMENT

- The night before your treatment give your skin around and on the brow area a good scrub
- If you can, come to your treatment with no brow makeup or foundation on the brow area.
- All tan on the brow area should be completely removed prior to your appointment.

AFTER YOUR APPOINTMENT

- Keep brows dry for 24 hours.
- Please note that oil based makeup and makeup removers can cause the tint/dye to fade quickly.
- Avoid excess heat, swimming, saunas, working out for 24 – 48 hours as these activities can cause brow dye to not set correctly resulting in patchiness or fading.
- Do not apply Retin-A, AHA's, Glycolic acids, citric acids or exfoliates around the Brow area for the first 72 hours (minimum). Use of these products may cause patchiness or fading.
- Avoid oil based products on or around the brows. This will cause the colour on the skin to fade quickly
- No self tanning, professional tanning or spray on makeup should be applied 48 hours prior and/or post your initial treatment for best results.
- Avoid high perfumed products for at least 24 hours after your treatment.
- Exposure to the Sun/UV lights for long periods can cause the tint/dye to fade quickly.
- Please note: It is normal for some redness to appear with an eyebrow waxing treatment, especially in clients with sensitive skin; this redness will usually subside within a couple of hours (the length of time depends on the sensitivity of the individual's skin). If a reaction occurs please contact the stylist immediately or seek medical attention.
- Maintenance is key to looking after your brow investment and maintaining your best look. You should book in for hybrid brow every 3 - 4 weeks.
- Tip - When you notice your brow hairs becoming unruly or messy looking please book in for your maintenance treatment.
- Avoid any trimming or tweezing your brows. Leave this to your brow stylist.

IT IS IMPORTANT TO FOLLOW THE SPECIFIC AFTERCARE INSTRUCTIONS PROVIDED TO ENSURE THE BEST POSSIBLE RESULT. IF YOU HAVE ANY QUESTIONS OR CONCERNS ABOUT THE AFTERCARE PROCESS, BE SURE TO ASK YOUR ARTIST FOR MORE GUIDANCE.
